3.	The zastava has five or six shepherd dogs. The dogkeeper watches over and trains them for duty on the border. this zastava has two ambush posts (sekretni) at a place known as "Portata" (N-41-19, E-23-05) near the point where the road leads to the border. The ambushes are located near two springs. One ambush post is approximately 500 meters and the other 50 meters from the border line. Both of them are about 900 meters apart. Approximately five men are assigned to these posts and reliefs take place at	25X1
	10 p.m., 4 a.m. and 12 a.m. these five men divide up into two groups to occupy the two ambush posts. The detail approaches the ambush along the road as it leads directly to the posts. The zastava is sent out and a mobile detail begins along the road by the zastava. In the forest, they turn southeast and arrive somewhere near the source of the Kolarevo river, west of Galabak Peek. A detail is made up of two persons and is changed at the hours indicated above for the ambush reliefs. One of the men is armed with a rifle (karabin M 1938) and the other with an automatic.	25X1 25X1
